April 1, 2006

Dear Land Owner,

Thank you for your interest in and application for inclusion in the Cabarrus County Voluntary Agricultural Districts. This process has been very exciting and after 5 years of work, it’s gratifying to be able to honor you with the Agricultural Advisory Board’s approval of your application. Yours was one of the applications approved at our March 28, 2006 Board meeting. Attached is the parcel map of your property based on the PIN number given to us on your application. We are also including a copy of the Conservation Agreement between you and Cabarrus County. You will need to come into the Cabarrus County Extension Office to execute this agreement that will complete your application for the Enhanced Voluntary Agricultural Districts. When you come to the Extension Office, you can provide us with additional information about your parcel map. We want to make sure it’s correct. You have 30 days to come by the Cabarrus Cooperative Extension office and sign the Conservation Agreement. After that time, we will assume you have changed your mind and don’t want to be included in the voluntary agricultural districts. We are still working out the details about signage for each participating landowner and will be back in touch with further information. We didn’t want to wait to let you know the status of your application. Again, Congratulations! Please contact Carl Pless, Extension Agent at 704-920-3310 if you have any additional questions.

Sincerely,

Victoria P. Porter, Chair
Agricultural Advisory Board
